Urban Surfaces' Signature Collection features our most sought-after flooring designs, carefully selected from across our diverse lines. Choosing from the Signature Collection means investing in flooring that has proven its timeless appeal—not only through unmatched durability but also enduring style.

MORE BEAUTY PER PLANK

Sound-Tec Plus takes flooring to different dimensions with its wider and longer format. The larger plank size makes for a clean and sophisticated style with a quick angle-drop installation.

EXACT-MATCH MOLDINGS

We are proud to provide robustly built, exact-match moldings and stair-finishing options for all of our Floating Floor lines. While other manufacturers only offer “coordinated” colors, our moldings blend perfectly.
