PRIMING IS ALWAYS THE RIGHT CHOICE

Trilogy™ Multipurpose Primer sets the stage for our adhesives, Everlast™ and Prism™, to more effectively bond with the subfloor by providing priming and either encapsulation or up to 95% moisture protection (but not simultaneously).

NEVER SKIP THE PRIMER

QUALITY ENCAPSULATION SAVES TIME & MONEY

Trilogy™ is also a robust encapsulator. Cutback adhesive and more will be encapsulated and detackified letting Trilogy™ do its work priming.

MOISTURE PROTECTION PROTECTS YOUR INVESTMENT

If encapsulation isn't needed, Trilogy™ is ready to provide your flooring installation with up to 95% moisture protection. Why worry when you can use Trilogy™ instead?
